3. Acting as "Postdoc" not available in HISinOne?

If you do not have your new role acting as "Postdoc" yet, please send an email to the kursprogramm@zv.uni-freiburg.de with the following information and ask for the assignment of the role "Postdoc":

- First name and last name
- Email address
- Date of Birth

After receiving the "Postdoc" role, please make sure to check your contact details and replace outdated e-mail addresses with current ones.

✓ To access your contact details in HISinOne, select the role "Postdoc", click on "Service" and then on "Personal settings" and "Edit contact details". This check is very important for us, otherwise you will not receive our emails and miss important course information (e.g. login details for online courses).

ATTENTION: Postdocs of the **Medical Faculty (University Hospital)** have to register as postdocs under the following link and will then automatically receive their role "Postdoc" in HISinOne:

https://intranet.ukl.uni-freiburg.de/organisation-einrichtungen/weitere-einrichtungen/zdi/itservice/antrag-postdoc-berechtigung

If you do not have a university account and therefore no access to HISinOne, e.g. because you are a scholarship holder, please contact your associated institution and ask for the account including the role assignment "Postdoc". If you have any questions, please send an email to kursprogramm@zv.uni-freiburg.de.
